## MAMA'S WOK YUM CHA AND BAR

---

Mama's Wok Yum Cha and Bar in Macarthur Square is changing the Yum Cha experience by providing a solution. The traditionally slow service now makes all dishes to order; its modern style eliminating the trolley wait in the service.

The spacious restaurant is ideal for groups and has a clean interior that follows Yum Cha's Chinese heritage back into the design. Upon entering the restaurant, I was escorted instantly by the experienced staff to a table and was provided with a trouble free dining service for my stay.

I was pleased with the menus bountiful options to choose from where you are sure to find a dish that suits your palette at a reasonable price.

### Yummy Choices

#### **Sizzling Black Bean Chicken**

A classic dish perfected at Mama's Wok; the chicken was not over-cooked and the accompanying black bean sauce was generous for the portion.

#### **Deep-Fried Pork Ribs with Spicy Salt and Garlic**

I loved the crisp crunch of the deep fried pork ribs and the ample seasoning of spice and garlic.
